2025-11-17	15:44	Vancouver’s Social Housing Initiative	Support	I strongly support social housing in Vancouver. While all housing supply improves housing affordability for everyone, social housing improves it faster for lower-income people. Canada has a smaller social housing stock than the OECD average (lagging behind even the USA). Streamlining social housing will make it much more likely that social housing projects will happen in Vancouver.	Heather Bruce	West Point Grey	
2025-11-19	13:53	Vancouver’s Social Housing Initiative	Support	This is very much needed, and my family and I are fully in support of the recommendations in the referral report. We're excited to see a wider range of housing solutions available across the city we (hope to be able to) continuing calling our home.	Tom Skinner	Kensington-Cedar Cottage	
2025-11-21	10:24	Vancouver’s Social Housing Initiative	Support	This is a good idea, it will allow non-profit housing agencies to make the best use of their limited funds. I strongly support it.	Vincent Pierce	Fairview	
2025-11-24	07:05	Vancouver’s Social Housing Initiative	Support	It's excellent that the social housing initiative is moving forward. It's notoriously challenging to get any social housing off the ground, so any impact we can make on removing obstacles is positive movement.	Richard Martin	Mount Pleasant	
2025-11-24	13:27	Vancouver’s Social Housing Initiative	Support	Supporting the development of social housing throughout the whole city should be a priority for the city as we struggle through an affordability crisis, and this policy does a great job at expediting this much needed housing. The proposed areas enabling greater density are consistent with the future growth and heights planned under the Vancouver Plan, so 20-storey social housing will not be out of character in these neighbourhoods, mine included. I fully support this policy!	James Madden	Dunbar-Southlands
