REPORT SUMMARY

This report evaluates an application to amend CD-1 (409) By-law for the Marriot Pinnacle Hotel site located at 1109-1139 West Pender Street and 1122-1152 West Hastings Street (Formerly 1128 West Hastings Street). This CD-1 text amendment proposes an increase to the total maximum floor area from 7.92 FSR to 7.93 FSR to allow for an addition to the existing restaurant. All changes resulting from the amendment would be contained inside the existing building footprint.

Staff recommend that the application be referred to a Public Hearing with the recommendation of the General Manager of Planning, Urban Design and Sustainability to approve it, subject to the Public Hearing.

REPORT

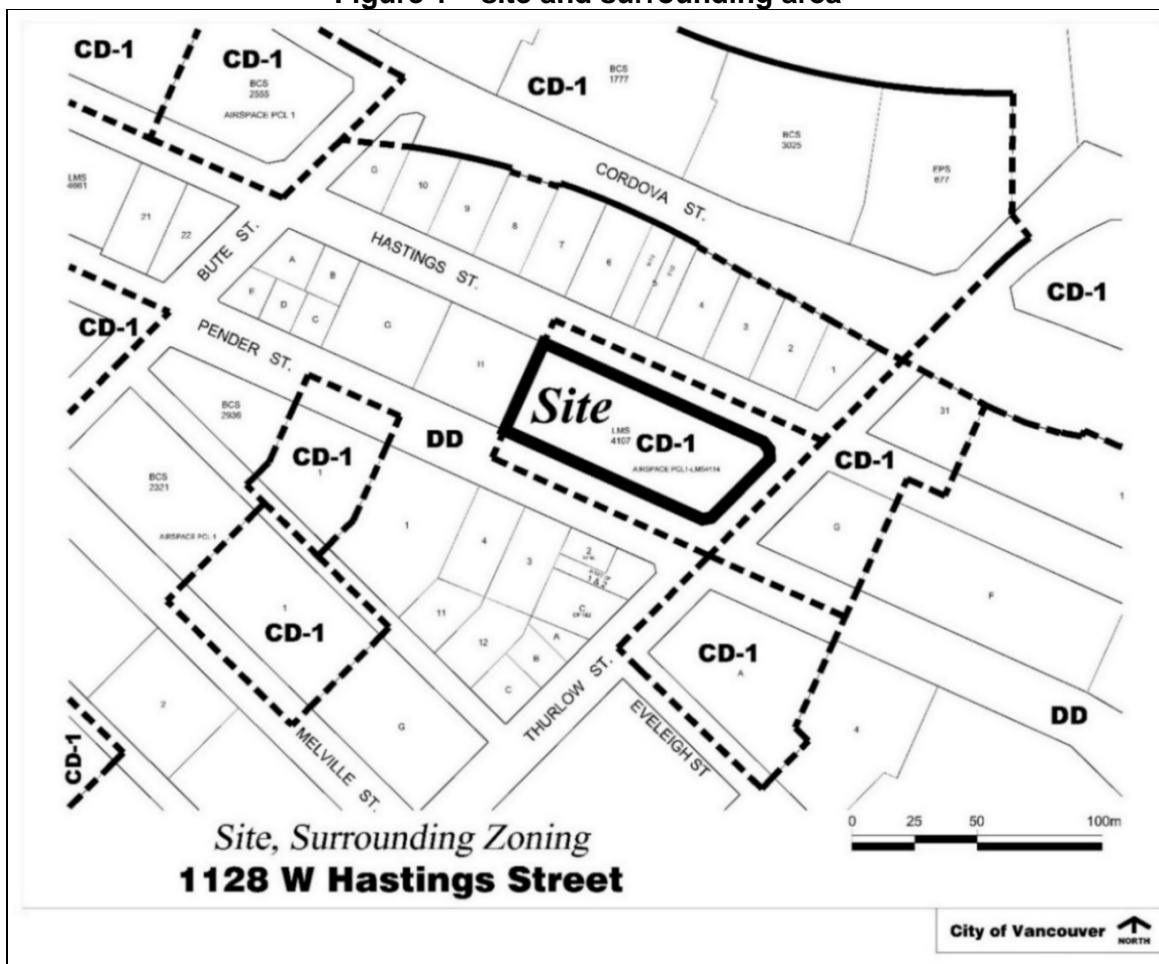

Background/Context

This application concerns the existing Vancouver Marriott Pinnacle Downtown Hotel which is a 36-storey mixed-use hotel/residential building located between Hastings Street and Pender Street, west of Thurlow Street (see Figure 1). The hotel was approved under the Downtown District (DD) zoning and was built in 2000. The site was rezoned to CD-1 in 2001, and subsequent amendments were approved in 2006 to allow for additional density within the hotel. The frontage is 95.9 m (314.7 ft.) along Hastings Street with a depth of 37.12 m (121.8 ft.).

Surrounding sites are zoned DD or CD-1 and developed with a mixture of office, hotel, service and retail uses.

The hotel tower consists of 446 rooms/suites, with 67 residential units on the upper floors, a four-storey podium with hotel functions, retail and amenity spaces and five levels of underground parking.

Strategic Analysis

1. Proposal

This text amendment proposes to amend CD-1 (409) By-law to increase the maximum permitted floor area from 30,473.5 sq. m (328,014 sq. ft) to 30,511.4 sq. m (328,422 sq. ft.). The proposed addition would increase the floor space ratio from 7.92 to 7.93. No changes are proposed that would increase the external size or volume of the existing building. As such, substantial changes to the existing form of development are not anticipated.

2. Height, Density and Form of Development

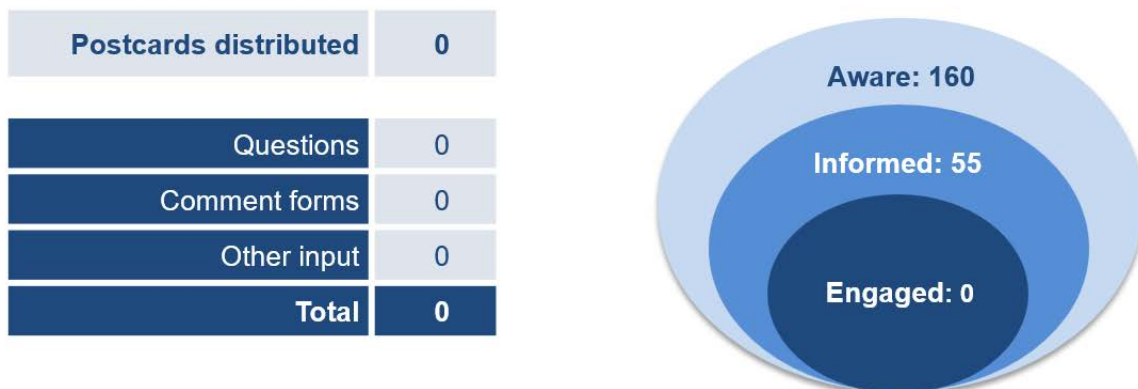

The *Hotel Development Policy* was updated in April 2025 to include significant measures to support the development of more hotels by giving existing hotels the opportunity to renew and expand. The proposed FSR increase is supportable as it aligns with the intent of the *Hotel Development Policy*.

3. Public Input

Public Notification – A rezoning information sign was installed on the site on May 21, 2025. Application information and an online comment form were provided on the Shape Your City (shapeyourcity.ca/) platform.

Public Response and Comments – Public input is collected via online questions, comment forms, through email, and by phone. As seen in Figure 2, no submissions have been received.

4. Public Benefits

Community Amenity Contribution (CAC) – The application is subject to the *Community Amenity Contributions Policy for Rezoning*s with CACs based on negotiations. The applicant has offered a cash CAC of \$17,000. Staff recommend that the offering be accepted and that the amount be allocated to fund public benefits in and around the Downtown and Metro Core Area. Payment is to be made prior to enactment of the CD-1 By-law, at no cost to the City and on terms and conditions satisfactory to the Director of Legal Services.

Development Cost Levies (DCL) – The site is subject to City-wide and Utilities DCLs. DCLs are payable at building permit issuance based on rates in effect at that time and the floor area proposed at the development permit stage.

Based on by-laws and rates in effect as of September 30, 2025 and the proposed increase of 37.9 sq. m (408 sq. ft.) in commercial floor area, it is expected that the project will provide approximately \$13,371 in additional DCLs.

DCL rates are subject to future adjustment by Council including annual inflationary adjustments. A development may qualify for 12 months of in-stream rate protection from DCL rate increases, provided that an application has been received prior to the rate adjustment. See the City's DCL Bulletin for details on DCL rate protection.

FINANCIAL IMPLICATIONS

As noted in the Public Benefits section, this project is expected to provide a cash CAC and a DCL payment. See Appendix E for additional details.

CONCLUSION

Staff support the amendment to CD-1 (409) By-law No. 8439 to increase the floor area from 7.92 to 7.93 FSR as it supports the renewal of an existing hotel and is consistent with the *Hotel Development Policy*.

The General Manager of Planning, Urban Design and Sustainability recommends that the application be referred to Public Hearing together with the draft By-law provisions, generally shown in Appendix A, with a recommendation that these be approved, subject to the Public Hearing.
