Glad to see the arrangement with VCH becoming more formal. this is obviously an ideal location for hospital employee housing.	Adrienne Thom	Mount Pleasant

It's an interesting model; hopefully one we can repeat in the future.	Daniel Holloway	South Cambie

We need more rental generally, but I'm thrilled to see this application is purpose built housing for employees of the hospital - brilliant. we've lived in douglas park for 42 years. Many of our neighbours over the years have been hospital staff. this makes good sense.	Gail Holloway	South Cambie

This area needs many more homes for doctors, med students, residents, nurses, and other allied health. Living this close to work would be incredible; no need for a car as you might be steps away from the hospital doors. So many of my colleagues commute long ways, each way, to provide the essential services that help run the city that we all benefit from. This can only strengthen the system.	Steve Miazga

I have lived in multiple rentals a stones throw from this project. Many of my neighbours have been healthcare workers, so it's clear that this is a desirable location for those providing these services. Great to see a project that's proposed to deliver this housing for healthcare workers.	EB Evans
