I think this is a great change that will create a real tangible benefit for staff (and their families). I'm married to a doctor and we just went through the fellowship process and are familiar with the difficulties of finding housing while training. Something like this would have been great for us! This is walkable to the hospital, and a short drive away from other healthcare facilities in the city. I know many commute to come here and ensure that we have access to appropriate and excellent healthcare, so I'm happy to support this.	Gord C M		
2026-02-17	18:31	CD-1 Rezoning: 816-860 West 13th Avenue and 2915-2925 Willow Street	Support	I would like to offer a comment in support of the proposal to build new rental homes for healthcare workers and approximately 100 childcare spaces at 2915-2925 Willow Street & 816-860 West 13th Avenue. There are people, such as staff at Vancouver General Hospital who work in the neighbourhood and want to live close by; and we also have a developer that has land and wants to build housing for them. Please approve	Andraya A

2026-02-17	18:42	CD-1 Rezoning: 816-860 West 13th Avenue and 2915-2925 Willow Street	Support	As a resident of Fairview, not far from this site, I support this application, and plans to densify the area surrounding Vancouver General Hospital. Given the site is immediately across from the hospital, this project will help healthcare workers to access housing and childcare close to work, which could mean less vehicle and parking congestion in the area around the hospital. I support this project and I hope it will move forward.	Fraser Blanchflower

2026-02-17	19:08	CD-1 Rezoning: 816-860 West 13th Avenue and 2915-2925 Willow Street	Support	I support housing for healthcare workers, especially when it's so close to transit. Great to see that the units will be fully furnished - that will make the transitions really simple for those who come to live in this building.	Dustin LaPrairie		
2026-02-18	09:33	CD-1 Rezoning: 816-860 West 13th Avenue and 2915-2925 Willow Street	Support	I previously lived in this neighbourhood and now live nearby in Riley Park. I am firmly in support of this proposal. The childcare spaces are desperately needed, with a recent newborn, my wife and I have been applying to daycares across Vancouver due to the lack of those in the area. I know of multiple friends who have to travel as far as North Vancouver for daycare. The workforce housing will help alleviate pressures on rent in this neighbourhood, with the vast majority of nearby rental units being in older buildings - have visited many as part of looking to rent in the area over the years.
