2026-02-15	20:54	CD-1 Rezoning: 1470-1476 West Broadway	Support	<p>As a nearby resident I very much support this application and only wish it was more ambitious.</p> <p>Broadway & Granville is the best area for densification in the City outside the downtown peninsula. With the soon to open SkyTrain station this area should be maximally developed with minimum 40-50 storey towers with a comprehensive development with lower level retail and upper level residential and commercial suites.</p> <p>This application is well in line with the evolving nature of this central and urban neighbourhood and will provide much needed living and commercial space.</p>	Mike Curry	Fairview
