| 2026-02-17 | 16:38 | CD-1 (915) Text Amendment: 450-496 Prior Street, 550 Malkin Avenue and 1002 Station | Other | I do not Oppose the application but I am very concerned about the height (goodbye to 37 years of sunsets) and the light pollution during and after construction. I am worried about the construction noise and the limited street parking taken up by crew. I live across the street so this really affects my quality of life. | Brad Gough | Strathcona | |
