2026-03-11	19:38	City of Vancouver Official Development Plan	Oppose	Mayor and Council: The Residents of Vancouver have NOT been properly informed and consulted on the ODP. It is not well thought out and will completely destroy the beauty, integrity and heritage of Vancouver. Long term residents and tenants who have built this city will be displaced. This seems to be a plan to enrich developers and make Vancouver even more unliveable as it is already the most expensive city in North America compared to income. The ODP MUST NOT PASS! You hold the future in your vote. Put aside greed, party lines, and corporate lobbies. Vote with care and consciousness for a city that serves and listens to its residents, old and young, rich and poor. Do NOT PASS the ODP! We will remember. Keep your karma clean.
