2026-03-10	16:57	City of Vancouver Official Development Plan	Support	<p>I support the Vancouver official development plan in my neighborhood</p> <p>Thanks for the mapping of future city and major green ways along 23 Avenue and Glen drive. These are green ways used by pedestrian and bike traffic already. These corridors connect neighborhood children and teenagers to their schools and daily errands along Fraser St and Kingsway. Moreover the corridors are also connectors east-west and North-South of the city.</p> <p>Glen drive has the potential of an Arbutus corridor of Vancouver East.</p> <p>The plan allows multiplexes addressing by law as per SMUH - Ministry of Housing and protects /renews affordable housing along the Kingsway Corridor.</p> <p>The plan also includes multiplexes to neglected RT 10 zones which predate R 1 Zones and have been pending for review for more than 10 years.</p> <p>thank you</p>	Alejandra Rodriguez	Kensington-Cedar Cottage	
2026-03-10	18:02	City of Vancouver Official Development Plan	Support	<p>This is what I like about the plan:</p> <p>It does not reverse the Grandview woodland plans low rise zoning.</p> <p>It allows low rise apartments on any street with transit.</p> <p>It also prioritizes pedestrian and cycling infrastructure and transit.</p> <p>Thank you.</p>	Carly Friesen	Grandview-Woodland
