2026-07-22	08:16	Villages Planning Program – Villages Plan, City-initiated Rezoning and Vancouver Official Development Plan Amendments	Support	We need more housing on this city. That means more density. Consultation with people who already got there's isn't going to lead to better outcomes for the broader community.	Vibert Jack	Grandview-Woodland	
2026-07-22	09:14	Villages Planning Program – Villages Plan, City-initiated Rezoning and Vancouver Official Development Plan Amendments	Support	I believe this is a needed plan to increase the opportunities for gentle density AND mixed-use (ie. more liveable) neighbourhoods in our city. 2026-07-22	11:59	Villages Planning Program – Villages Plan, City-initiated Rezoning and Vancouver Official Development Plan Amendments	Support	I am an educated working professional , and have lived in Vancouver over 40 years and rented over 12 properties from UBC to Hastings-Sunrise. I am utterly dismayed by the location, cost, size, and quality of recently built rental housing stock and will now reluctantly move to a neighbouring city. Living in high traffic areas exposes tenants to noise and air pollution, and presents health risks such as asthma and dementia. It is discriminatory to reserve parks and quiet-treed streets solely for those fortunate enough to own detached homes. The Villages plan proposes that accessible housing be built away from highly polluted, busy arterial roads, providing more equal access to quiet, tree-lined streets and parks. Furthermore, the proposed low rise buildings will foster connected communities, unlike the more anonymous, commercial towers so prolificaly constructed in recent years. Consider that much needed service providers like myself no longer feel welcome in Vancouver, and will likely relocate. Who will educate your children, provide your health care, and service your lifestyle?	Pilar Spratt	Mount Pleasant
