2026-07-17	14:58	Vancouver Official Development Plan and Regional Context Statement Amendments for Former Molson Brewery Site	Other	I support this application if the building height is kept at the same height as the existing structure, if parking facilities are provided and it is a true mix of office, hotel, service. Retail should be limited as this is a sector that is under stress in other areas already. I do NOT support this if you are going to build a huge 26 storey (or more) structure without any parking such as the 3-tower monstrosity that was allowed to be constructed across the street at the foot of Burrard Bridge. Stop destroying our neighbourhoods, blocking the views and the sunlight not to mention contributing to the overcrowding.	Anna Batts	Kerrisdale
