2026-07-28	13:19	CD-1 Rezoning: 1905 Ogden Avenue	Oppose	As a Vancouver resident and avid fan of the Maritime Museum, I am appalled that both the City of Vancouver and the province have cut funding to the point that the museum needs to consider this option. I am opposed to the HAVN barge as it changes the entire look and feel of Vancouver's waterfront, solely for commercial gain and to no benefit of our community. ABC should stop kissing up with their 0% tax increases and instead properly tax land and homeowners to pay for important arts and assets such as this museum. How about removing the exemption for developers of condos and multiplexes from the empty home tax, and use those funds to help pay for things like this? Consider it the cost of doing business. Additionally, this can help lower prices of homes since developers currently have nothing to lose if they hold onto empty units indefinitely, which is negatively affecting affordability in Vancouver. Please vote no to this, and start funding the museum properly for generations to come.	Sheila Louis	Riley Park

THE BARGE WILL TAKE AWAY FROM THE HERITAGE BOATS THAT ARE THERE AND ALSO THE BEAUTIFUL VIEW OF THE MOUNTAINS. I SWIM THERE ALL SUMMER LONG AND WOULD HATE TO SEE THE BEACH RUINED BY SUCH A HUGE USELESS BARGE. THIS IS JUST A MONEY GRAB FOR THE MUSEUM/CITY. DO THE RIGHT THING AND SAY NO TO THIS REZONING. PLEASE LET US AT LEAST ONE PLACE TO ENJOY. I RIDE MY BIKE FROM MT. PLEASANT TO KITS POINT ALL SUMMER AND THIS IS THE ONLY PLACE I CAN SWIM.	Leona Rothney	Mount Pleasant
