It is a peaceful oasis much appreciated by both local residents and tourists.	Jessica Stewart	I do not live in Vancouver

This is a unique and creative approach to long term supportive funding for the Maritime Museum too. Nice to see people thinking outside of the box and getting more use out of the unused waterfront area.	Victoria Przybysz	Hastings-Sunrise	
2026-07-27	23:33	CD-1 Rezoning: 1905 Ogden Avenue	Support	I went to Elementary School at Henry Hudson on Cornwall St. back in the 1970s and lived in Kits Point for 10 years. The Maritime Museum is an iconic fixture of Vancouver and of Kitsilano and every time I see it, I get fond memories of childhood. Our class visited the Maritime Museum many times and although back when I was just a small child it was cool boat that I could imagine sailing on, now I understand the historical significance of this boat and how it is an important piece of our Canadian heritage. Non-profit organizations have a difficult challenge raising funds to protect historical treasures such as the Maritime Museum, so if there is an opportunity to create more of a hub to bring more visitors and support for the museum, I want to support that. Introducing a spa to the area makes perfect sense and is in keeping with the general vibe of the area. It is an oasis so close to downtown. Now I live in East Vancouver, but I am proud to take my family to Kits Point and share the fixtures of my past.	Peter Perugini	Hastings-Sunrise
